Sub: Submission of 2022-23 feedback from various stakeholders related to the University curriculum and syllabus.

Respected Sir,

On the basis of feedback from our various stakeholders (Students, Alumni, Faculty, Parent and Employers) of our institute, we are hereby listing some suggestions related to the curriculum and syllabus. These suggestions are listed for enhancing academic quality and identifying gaps in the curriculum on the basis of Industry expectations.

Suggestions related to curriculum and syllabus:

1. More Indian author reference and textbooks are suggested, which are affordable and easy to understand will support students for better learning.
2. More Practical relevant courses need to be included in the curriculum.
3. A dedicated slot in the winter and summer vacation after the University exam must be reserved in the University schedule for Internship, so that students can have industrial exposure.
4. An updated Course wise University e-question bank must be published on the University portal that will help students to perform better.

We are very pleased to bring these suggestions to your kind notice for further implementation in this regard.

Thanking You

Dr. Prashant Deshmukh
Principal
